In furtherance of the effective and efficient case management of complex litigation, the following procedures are set for the selection of and schedule for the three initial Bellwether Trial Cases to be tried in this MDL.

Pursuant to Case Management Order No. 10 (ECF No. 62), the parties each selected three cases from the twelve Bellwether Discovery Pool Plaintiffs (see ECF No. 125) on July 12, 2019. The Court will select three of the Bellwether Trial Pool Plaintiffs to be the three initial Bellwether Trial Cases. The cases shall be selected following briefing by the parties in accordance with PTO 10 dated October 1, 2019, but with some modifications. On January 3, 2020 at 5:00pm EST, the parties shall simultaneously file their respective briefs (under seal as necessary)¹ of no more than 10 pages setting forth which three cases they submit the Court should select as the three initial Bellwether Trial Cases. Thereafter, the parties shall be permitted to respond to the other's proposed cases via a simultaneous filing of no more than 5 pages that shall be filed by January 8, 2020 at 5:00pm EST. No further reply briefs will be permitted. The Court will hold an in-person status conference to discuss selection of the three initial Bellwether Trial Cases on January 10, 2020 at 9:30am EST and will select the three initial Bellwether Trial Cases that same day. The three initial Bellwether Trial Cases shall proceed to final pretrial and trial as set forth below. The presumptive sequence of trials shall be alternating picks, such that no side has two selections tried consecutively. However, the parties and/or the Court reserve the right to amend this procedure. In the event that a case selected for the Bellwether Trial Pool or for trial is dismissed before trial, the Court may at its discretion allow the selection of a replacement case by Defendants or Plaintiffs,

¹ The parties shall follow the procedures for filing under seal set forth in Section VII of CMO 7 and in any future Order the Court may issue.

depending upon the circumstances of the dismissal, or otherwise adjust the balance of selections or the terms of this CMO to ensure the integrity of the bellwether process. For each case set for trial, the Court will set the deadlines for the Pre-trial submissions listed below in Section VI by separate order. Additional cases may be selected for trial, and future CMOs will detail those cases and schedules, and any criteria for Pre-trial workup.

The deadlines set below supersede the deadlines set forth in Sections VII, VIII, IX, and X of CMO 10-B for the Bellwether Trial Pool Plaintiffs. This Order may be modified or amended for good cause shown, after appropriate notice and opportunity to be heard is provided to the affected parties, when the Court believes the interest of justice requires modification. The parties may, by agreement and without Court approval, modify the dates within this CMO that only affect the parties. All deadlines established for submissions to the Court may only be modified for good cause and with permission of the Court.
