Comments or Gestures – Asking Personal Questions	"First of all my driver was talking so rapidly and no stop it was very unprofessional. Not only this but he asked me multiple personal questions that made me feel very uncomfortable. I tried to disengage and sit quietly but it was non stop. Then from the moment I got in she asked me all kinds of rapid fire personal questions about where I work, how long, where I live, any children, how old, where they work. On and on she went until I purposely made a phone call to stop her from talking at 5:30 in the morning. Then she drove extremely fast whipping turns and corners. Horrible ride. In addition, I was charged a \$5 cancellation fee for the original ride request. I didn't cancel the ride the driver did. I needed a ride to the airport so why would I cancel just to have another driver come? Not logical at all. Please issue my refund. Thank you."

Kept staying at me in the mirror instead of paying attention on the road and most terrifying answered a call while driving. I was paying more attention to him on the road than he did as a driver. After telling him so he replied he bought a vehicle while in his mother's womb."

Comments or Gestures – Flirting	"I felt completely uncomfortable the entire ride. Not only could my driver not drive, but there was a second person in the passenger seat (a friend?) navigating for him. Meanwhile, I think the actual driver was not driving. They both asked super personal questions about if I was married and had kids out of nowhere and he missed three separate turns."

Comments or Gestures – Flirting	"I DESERVE A REFUND. MY DRIVER WAS RUDE TO ME ON MY WAY TO MY DESTINATION."
Comments or Gestures – Flirting	"As a driver , she should not be referring to other men as baby while they are riding with their woman. Plus she almost ran my foot over twice getting in , I had to chase her car and knock on her door as she was driving off , while I was opening the door . Usually much more professional service from Uber ."
Comments or Gestures – Flirting	"My driver did not follow the planned route, he said that it would be faster than the route we were supposed to take but it was longer and almost double the price of my predicted fare (predicted to be \$50-\$60 range with the surge). He asked when my flight was departing, and when I told him it was 5:30 pm, he said we had 'enough time' to take this longer route. Instead of taking I-376 (which only had light traffic at 2:45 pm on a Friday), he only took back roads, which involved many traffic lights and stop signs, as well as heavier traffic, and pointed out where his house was to me, which was uncomfortable, inappropriate, and out of the way. The route he took actually involved heavier traffic than I-376. I have been to the airport many times and have never taken this route, nor was I comfortable with my driver repeatedly ignoring the planned route and taking me for a longer ride. There were times when he stayed too long at stoplights or did not merge because he was looking back at me and talking, showing me pics of his dog on his phone, and just wasting time. It seems he just wanted to talk for longer, as he repeatedly mentioned that he was single and telling me a lot of personal information about his breakup and his ex, and how his dog is good to use for picking up women. The only reason I booked this trip was because it was supposed to be much less than the airport parking price, which is not the case thanks to this trip. I expected a slight fluctuation in price, but not DOUBLE the price, and I did not expect that my Uber driver would take me an inconvenient route for seemingly no reason. I am very upset with my Uber experience and felt very uncomfortable with the driver that I had. I will not be using uber to ride home from the airport."
Comments or Gestures – Flirting	"I would like a full refund for this trip, as this driver was disrespectful and annoying asking all me and my friends personal questions and made us uncomfortable. He also made a comment asking me that I shouldn't wear my cologne anymore as it was strong and he didn't like the smell of it. This was some uncalled for comments and therefore I would like to be refunded for this trip"
Comments or Gestures – Flirting	"He made unnecessary comments about my destination and how short the trip was and in a couple ways offended me"
Comments or Gestures – Flirting	"Once I got off at my stop he told me have a good day baby"

Comments or Gestures – Flirting	"I FELT HE WAS VERY RUDE; USING PROFANITY A LOT OF IT, ALSO HE WASN'T GOING THE RIGHT WAY. HE ALSO GOT A LITTLE TOO PERSONAL ASKING IF I HAD A BOYFRIEND. THEN WENT ON TO SAY HOW DID I HAVE A BABY WITH NO BOYFRIEND. AND SO ON."
Comments or Gestures – Flirting	"Driver was rude, kept asking me uncomfortable questions although I gave him the I'm not in the mood to talk. I felt very uncomfortable. I need a full refund for this trip."
Comments or Gestures – Flirting	"You are refunding me!!! This guy was fucking horrible. He kept calling me baby. And said 'you want to get out of my car??' He didn't stop at the pickup. Zoomed by three blocks. I chased him down while it was pouring rain only to have him say I wasn't outside??? I was completely visible- he didn't stop. I would be happy to share the video I took of him being a complete ass. FUCK YOUR MISOGYNISTIC COMPANY. I want a refund NOW."
Staring or Leering	"He didn't greet me when I got into the car and he kept looking at me through the mirror and it was silent the whole car ride at least a hello would be fine"
Staring or Leering	"Reckless driving, rude as I walked into the car. Very har stops and sharp turns and didn't go into the turning box but instead stopped in the middle of the street to turn but luckily there were no cars behind us but if there were he made a strong stop. As I got off i did not say thank you due to the time he was communicating me with and as I walked towards my destination he stared me down."
Staring or Leering	"Right before I entered this uber drivers car he said 'your beverage is not allowed in my car!' Very firmly before I walked in and I proceeded to throw out my coffee. His car had an unpleasant smell of bad body odor so I opened the window to get some fresh air. Some few minutes later he said 'do you want me to turn the air up because we can't have both the air on and the window down' I kindly asked to keep the window down and he responded very aggressively and rudely with a 'NO!' While starring at me in his rear view mirror. I did not ask him of anything else during the car ride, I sat quietly and froze as he turned up the air and I did not want to interact with him again to receive an aggressive response! I was so disappointed with this uber driver. He was extremely disrespectful and hostile from the moment I got in!"
Staring or Leering	"When picking me up my Uber driver gave me a malicious look, continues driving. He fails to stop at nearly every stop sign we approach, he speeded through multiple lights. Also towards the end of the trip he then got confused and did not know where to proceed even though I attempted to give him directions. Whole entire ride I felt super uncomfortable. Would not want to drive with this Uber again."
Staring or Leering	"basically when i got in the car he was not speaking or looking at me . i said hello how are you he did not say anything back to me .. he made me feel very uncomfortable because he kept looking at my through the rear view mirror but wouldn't speak to me . our route took us on the high way and he kept swerving lanes and was not even going highway speed limit .. when asking the driver about the day and if he was okay he also did not respond . when we got to my job instead of following the route on the phone he went all the way to the back and just stopped the car and did not say anything . i think said goodbye he just looked at me and waited for me to get out the car and sped off "
Staring or Leering	"My driver gave me a head ache didn't stop talking didn't watch the road because she kept staring at me in the mirror which made her swerve so much the cops flashed the lights at her when she dropped me off I couldn't get out because she hadn't unlocked the doors and just kept talking he was parked in my neighbors driveway they were behind her waiting to pull in but she wouldn't stop talking my neighbors had to honk at her please give Full REFUND I deserve a peaceful safe calm ride"

Staring or Leering	"He was very rude and had an attitude the moment my boyfriend and I got into the Uber. I got into the Uber with a small bag of fries, he then explained to me to not eat in the Uber and I apologized and put the food back quickly. Which I acknowledge that he's absolutely correct on that part. But then his following actions were highly unacceptable. He then sprayed the car with a very strong perfume then proceeded to open the windows then closed them to spray some more all while my boyfriend and I were coughing in the car. Awkwardly, the rest of the drive there we were all quiet and he was staring at me rudely through the reared view mirror that we almost crashed into a police car. I just want to let Uber know that I'm an ongoing customer with Uber I take Uber's every single day and I am not picky or rude by any means I've gotten into so many Uber's but this specific Uber driver was way out of line and disrespectful."
Staring or Leering	"Her car was clean that's why I gave five stars but she kept looking back speeding cause she was tired and was being rude"

He kept looking over and i get in danger. I had to call so many people to see if somebody in my house would know where i am and would make sure i got home safe. I want my money back please. Most terrifying experience."
Staring or Leering	"We waited 12 mins when initially the eta was 5 mins and then while driving he was very unprofessional and almost got into a car accident because he wasn't focusing on the road"
Staring or Leering	"Good morning. Picked up this rider I asked him to put on his mask he answered that he left it at home. I told him he needed a mask or I could not take home. He then took it out of his pocket and placed it under his nose. He kept looking at me as if he wanted to argue. When I dropped him he looked at my car as if wanting to find something wrong."
Staring or Leering	"Idk if he has problems or if thats just how he was cause he was wearing tight pants but he kept looking back and was driving with no hands when he took off from a red light and continued to drive fast"
Staring or Leering	"the driver kelp looking at me through the mirror, not really looking at the road , kelp swerving on the road I didn't feel safe at all or comfortable "

Staring or Leering	"he was rude . and he stopped by the gas station to pump gas. That's why I cancelled the trip. and he didn't pay attention on the road . he kept turning around looking at me harassing me."
Staring or Leering	"I did not feel safe at all in my Uber ride, he almost hit a car on 95 and he also was driving like a maniac. I'm getting really tired of the service uber is giving me and I'm going to take my business elsewhere! I want a refund or something to accommodate my inconvenience!"
Staring or Leering	"Bad driver bad experience with him. He rushed me to put on my seat belt he swerved in and out of lanes driving in the middle of two lanes he didn't obey the speed limit he wasn't paying any attention to the road he constantly starred at his phone or me he didn't know where he was going for a little while and I had to direct him"

Staring or Leering	"He was complaining that he couldn't see me when I was clearly on the road and told him exactly where to go. For half of the ride he was taking to him self and making weird comments staring at me but I couldn't understand what he was saying it wasn't English."
Staring or Leering	"Speeding in the rain til the car started drifting den he started to slow down & drive slow"
Staring or Leering	"My driver put on a full monkey mask while driving and then turned around and stared at me. This involved him taking his eyes off the road. It terrified me. I thought he was going to kill me or rob a bank. It was unsafe driving, illegal for an adult to wear a mask while driving, and scary."
Staring or Leering	"Please don't match me again with this driver. This driver was so rude to me I had heavy bags on me my hands were full and he tells me speaking with an attitude that I had to put my bags in the truck I tell him I have personal stuff and he start cursing me out I get in the car I was very uncomfortable and he was on the phone just looking at me through the mirror and talking in his language .
